

## LYING IN WAIT

---

🌱 Lying in wait  
under a blanket  
Of damp earth  
Until the warm voice of  
Sun  
Calls our name  
Have we heard  
Or are we dreaming?  
To listen we must reach  
Breaking through  
walls of skin and safety  
Out  
Up  
Through the smothering comfort of certainty  
Of the mundane  
Breathless we emerge  
Virginal yet wise  
We have been resting so close  
We almost forgot  
How to come home again  
With promise and treasures  
We bravely dance in our garments of Light  
Suddenly remembering how  
to  
sing
